- Certified professional coach
- Leadership development and business coaching
- 20 years business experience
- Executive Coaching Summit
- International Consortium of Coaching in Organizations

Sandor is the CEO of Run Rhino Inc. and a senior consultant with Vision Quest Consulting. Sandor brings over 20 years of business experience to business coaching, performance consulting and training. He has worked with thousands of people ranging from entrepreneurs to senior executives, and high performance teams in Financial Services, Technology, Communication Services, Industrial, Commercial, Staffing, HR Services, and Non Profits. Sandor's work includes transforming leaders in organizations such as BAE Systems, Boeing, ADP, Comerica Bank, Manpower, Farmers Insurance and The IRS.

With a proven track record and implementing Run Rhino's "Breakthrough Training Series", his results include: Training 110 branch managers, financial service reps and VP's resulting in \$1.3 million in sales over a 14 day period, increased net operating profits 580% over the same month for the prior year, directly impacted a 28% increase in employee satisfaction, increased assets under management from \$80m to \$450m over a 3 year period.

Sandor's work has taken him to reside in places like Australia and Hawaii. Sandor has owned and operated a number of businesses and has had a number of careers. His leadership experience includes: spending many years as a senior manager for an international educational company, a finance manager, a production manager responsible for managing hundreds of people while delivering events in four cities simultaneously, a corporate trainer and senior sales manager. His experience also includes knowledge management, organizational development, business strategy, leadership development and communication.

Sandor is a certified professional coach with The Newfield Network. He is a member of the International Consortium for Coaching in Organizations. Sandor has also been actively involved in the Executive Coaching Summit, an international think tank for Executive Coaches. He has a background education in environmental engineering from Western New England College.

Sandor lives in Santa Cruz California with his wife Joy and son, Phoenix. Sandor is an author whose work has been published in a book called "Power and Soul", which is aimed at helping entrepreneurs achieve greater success. He is an active free style skier and competes in local tennis tournaments. His hobbies include writing music, guitar playing and racing his 911 Porsche.
